To Whom It May Concern:

The Board of Directors for Calabasas Park Homeowners Association wishes to express its concern on behalf of our 2600 plus residents, that we are extremely pleased with the representation of Supervisor Zev Yaroslavsky for Calabasas. We are greatly concerned of the possible re-districting; in which case he would no longer represent our homeowners.

Thank you for your consideration of this matter.

Sincerely,

Dear Mr. Acebo:

The Supervisory District Boundary Review Committee is playing a crucial role in the recommendation of the upcoming redistricting plan to the Los Angeles County Board of Supervisors. It is our understanding that a proposed plan that includes the City of Walnut in the First District will be discussed in the upcoming days.

As community residents, we would like to express our desire to be served by the First Supervisory District. We appreciate the relationship the City of Walnut has had with the Fifth Supervisory District. We are convinced that we will continue a positive relationship with the First Supervisory District as well.

Our request to be served in the First Supervisory District is a unique opportunity and we are convinced that the First District Supervisor will provide the same high-standard-quality of services to its constituents.

Thank you for your time and consideration.

Sincerely,

Subject: Proposed Redistrict boundary

I came home this evening and was shocked to read the lead article in the San Gabriel Valley Tribune.

I am a resident of the City of Walnut since December of 1988. During that time I have not agreed with any of Gloria Molina's radical views. In fact I can not stand to see her on TV, hear her on the radio, or read about her in the news paper. Therefore, she can never represent my interests in the county government! If the City of Walnut is reassigned to her it will be a sad day. I will never vote for her re-election but only for her replacement by any one else running for County Supervisor against her. Before any reassignment of districts takes effect, the voters of that area should confirm their acceptance by a majority vote the proposed changes. It should not be County Supervisors alone that decides if the proposal is acceptable.

Sincerely,
Alan Paton
